Born in Trondheim, Norway. Raised in Stockholm and now living in Malmköping.

#### **Background / techniques**

Born in an artist's family I started painting as a child. Some of my earliest paintings were purchased by my father's good friend the famous artist Sven X: et Erixon. The motives in my pictures varies and the light attracts me a lot. Several of my paintings are also available, in addition to Sweden, both in Norway, USA, Japan and Germany.
